

Extended Yield Cartridges

Print More Pages While
Minimizing Cost-Per-Page

• • •

Our extended yield cartridges are designed, engineered, and manufactured to offer superior quality and performance, while surpassing even the highest national brand page yields. Utilizing next generation technology, extended yield cartridges guarantee higher yields and lower cost-per-page without sacrificing density or print quality. While some aftermarket solutions may simply offer more toner in the cartridge, extended yield cartridges are designed to withstand the additional component wear that results from the higher page counts. Our quality promise is backed by a 100% performance guarantee.

KEY BENEFITS:

- Extended yield options offering up to 2x more printed pages
- Significant savings over national brand cartridges
- 100% performance guarantee
- 100% guaranteed page yield
- Ideal for MPS (Managed Print Solution) environments
- Environmentally friendly solution
- Guaranteed print density performance throughout the life of the cartridge
