PRODUCTIVITY YOU CAN COUNT ON

A high-speed mailing system for maximum throughput

iA Series

The iA Series sets a new standard for mailing system efficiency, speed, and operability. Ideal for high-volume mail production, the iA Series automatically seals, weighs, meters, and stacks large mail runs in minutes. With batch processing speeds of up to 300 letters per minute, the iA-9 and the iA-9 Pro deliver streamlined ergonomic operations, reliable production, and maximum uptime.

Canada Post® Approved
The iA-9 meets the latest Canada Post requirements for data and security management.

EXPERIENCE
Proven history of delivering world-class solutions

PROVEN RESULTS
98% post-call customer satisfaction rate

EXPERTISE
Over 2 trillion personalized experiences delivered annually

BACKED BY THE EXPERTS
Gartner, Omdia, Forrester, IDC, Aspire, and Quadrant Knowledge Solutions

Designed with the high-volume mail operator in mind

You spoke. We listened. The iA Series was carefully engineered to meet the needs and demands of production mailers based on customer input. The iA Series comes with optimized features to boost productivity and streamline your mailing process:

1. Full Keyboard
The added comfort of an integrated wireless keyboard makes mail set up and processing a breeze.

2. Control Panel
The 15" color touchscreen swivels 360° to adjust to any workspace. Intuitive prompts and presets simplify navigation.

3. Conveyor Stacker
Maximizes throughput by reducing stops and starts and extending run times between unloading.

7. Weighing Platform
Weigh up to 35 kg. Instant weight-to-rate conversion for letters, large envelopes or packages.

4. Dynamic Scale
Accurately weighs, rates, and classifies mail at speeds up to 160 lpm.

6. Mixed Mail Feeder
Eliminate hand sorting by size or weight. Process nested or non-nested envelopes and postcards with ease.

5. Sealing System
Dual-pump, jet-spray sealing system with filter ensures a quality tip-to-tip envelope seal. Five levels of spray adjustments are standard with each system.

bullfrogpower®

Quadient proudly partners with **Bullfrog Power** to **power the iA Series with 100% pollution-free electricity** to help you put clean, green energy back into the power grid and reduce your carbon footprint.

MEET THE DEMANDS OF YOUR MAIL PROCESSING CENTER

Whether you are adhering to time-critical deadlines or adapting to day-to-day challenges, you can rely on the iA Series mailing system to help you meet these challenges with:

- Two speed choices up to 210 or 300 letters per minute
- A high-capacity envelope feeder with on-the-fly reload capacity
- Robust application providing tools to reconcile postage in minutes
- A dynamic scale that rapidly weighs and measures
- A power conveyor stacker with a storage capacity ratio in sync with the feeder

SPECIFICATIONS

Processing speed iA-9	Up to 210 lpm
Processing speed iA-9 Pro	Up to 300 lpm
Dynamic weighing speed iA-9	Up to 120 lpm
Dynamic weighing speed iA-9 Pro	Up to 160 lpm
Envelope thickness	Up to 0.8"
Control panel	15" color touchscreen
Wireless keyboard	Standard
Preset jobs	15
Custom graphics	35
Accounting departments	300 Standard
Sealing system	Dual pump jet spray
Permanent print head	Standard
Ultra high capacity ink tank	Up to 91,000 imprints
Postal rate change updates	Via download
Low ink email alerts	Standard
View postage usage online	Standard
TLS1.3 / IPV6 WLAN Adapter	Standard
Graphics library	Standard

OPTIONS

Weighing platforms	3, 5, 10 or 35 kg
Differential weighing	Available
Barcode Reader (BCR)	Available
USB mass storage	Available
External USB report printer	Available
Mail Accounting Software	Available
Departments upgrade	500, 1,000, 2,000 or 3,000

SYSTEM DIMENSIONS (W X D X H)

Mailing system	43" x 25" x 30"
Mailing system with dynamic scale	62" x 25" x 30"
Mailing system base in-line	10" x 25" x 30"
Catch tray	12" x 11" x 4"
Drop tray	20" x 10" x 17"
Power conveyor stacker	40" x 14" x 12"

About Quadient®

Quadient is the driving force behind the world's most meaningful customer experiences. By focusing on three key solution areas, Intelligent Communication Automation, Parcel Locker Solutions and Mail-Related Solutions, Quadient helps simplify the connection between people and what matters. Quadient supports hundreds of thousands of customers worldwide in their quest to create relevant, personalized connections and achieve customer experience excellence. Quadient is listed in compartment B of Euronext Paris (QDT) and is part of the CAC® Mid 60 and EnterNext® Tech 40 indices.
