Ergonomic Keypad
Shortcut keys make set up and mail processing a breeze

Greater weighing capacity for mail and parcels
The iX-1 is equipped with a 5 kg scale that may be moved to accurately weigh larger items. Weigh a wide range of mail, including letters, flats, small parcels and more. From postcards to packages, this scale handles it all.

Rate Wizard simplifies postage rate selection
The Rate Wizard simplifies the process of selecting the correct postal rate and class for your items. With clear step-by-step instructions, the selection process has never been easier.

Eliminate keystrokes with shortcut keys
Shortcut keys are easy to program and save time enabling you to create one-touch access to your most frequently used rates and services. Choose the most commonly used postal rates or customize and save the settings for your most frequent jobs.

Quadient proudly partners with **Bullfrog Power** to **power the iX-1 Series with 100% pollution-free electricity** to help you put clean, green energy back into the power grid and reduce your carbon footprint.

The perfect addition to your small business

Easy set up
The iX-1 postage meter comes with a quick assembly guide and "how-to-use" video tutorials to get you up and running in no time. Connect to any network through a high-speed LAN connection. Enjoy fast, automated statistic uploads, postage rate updates, and postage refills.

Powerful features
With its innovative design and amazing standard features, the iX-1 is the simple yet powerful choice to handle the mail processing and shipping needs of your small business or home office. Contact a Quadient mailing expert to learn more about the iX-1.
